

COHOCTON VOTERS

For the past year and a half, your Town Board and your Planning Board has been seriously challenged about the way we are governing Cohocton. Let me respond this way.

Every one of us who hold elected positions has been re-elected several times. We run for our positions because we **CARE** about Cohocton. Our roots go deeply into this community. We participate in Fire Departments, Lions, Lioness, Rotary, CDC, ANC, CANC Republican Club, the Fall Foliage Festival, the Potato Festival, American Legion and more. We interact with the community on every level so we understand **ALL** that we know about the needs of the Town and our Residents.

We listen to all of your concerns and we act on them according to our best judgement and the circumstances that prevail at the time. When leadership decisions need to be made, we do not shrink away from our responsibilities; we make them. You have given your trust and support to us throughout our careers and we sincerely thank you for that.

As we go forward, into the second half of 2007, many of us will be running for re-election. The process may go through primary challenges and certainly will go into the general election in November. All candidates and/or their representatives must circulate nominating petitions for your signatures before we can be put on the ballot. You can sign only one petition for each office open for election. Save your signature for petitions of the candidates that you support. We need to be **RE-ELECTED**. Please, look for us at your front door in the next few days and help us with your signature.
